JUNE 2017

VI.BE.MAC'S V364.1

Thanks to its R&D, Vi.Be.Mac. presents its new best seller, the unit V364.1.

V364.1 is a 2 needle chain stitch flat bed machine equipped with Vi.Be.Mac. sewing head, 2 needle chain stitch, needle feed and semi-dry lubrication. Ideal for lap felling of the yoke seams, rise seams, inseam & outseam, top stitch. This model ensures user-friendliness, high-quality sewing, production and reduced maintenance expenses. The machine's soft belt puller device, the revolutionary presser foot equipped with DCP technology (Dynamic Control of the Pressure on the presser foot) and the useful table that comes already assembled with the machine make this unit a very functional working station.

V 3 6 4 . 1 is equipped with:

- Vi.Be.Mac. belt puller
- Auxiliary puller with a belt adjustable in speed, to increase material pulling during sewing and consequently increase the quality of sewing
- Quick lap felling device changing system
- New pneumatic trimming device with sensor that cuts in one time, to guarantee extreme precision, and to save thread in the beginning and the end of the operation.
- New design of the stand, with a special cylinder inside the column that makes machine floating for easy adjustment in height.
- Needle feeding that perfectly avoids the puckering effect

V364.1
